

5TH INTERNATIONAL CONFERENCE ON CONTEMPORARY ONCOLOGY

Challenges and innovative therapeutic opportunities

PROGRAM

26 ~ 27 JUNE 2026

HOTEL HASDRUBAL - HAMMAMET
TUNISIA

**CHAIRMEN:
S. CHOUAIB - G. JERBI**

DAY 1

FRIDAY JUNE 26TH, 2026

08:30

REGISTRATION

Chairmen: Henda Raies, Nesrine Mejri, Samia Chatti, Sadok Boudaya

09:30 - 10:00

Welcome address: *Pr. Salem Chouaib & Pr. Ghazi Jerbi*

10:00 - 10:30

Lung Cancer: Recent advances in lung cancer care. *Fabrice Barlesi (France)*

10:30 - 11:00

Two years of using liquid biopsy in the management of patients with advanced metastatic cancer – a look back at more than 10,000 analyses: *Etienne Rouleau (France)*

11:00 - 11:30

COFFEE BREAK

Chairmen: Aida Ayadi, Hamouda Boussen, Meriem Chaabouni, Soraya Fenniche

11:30 - 12:00

Cancer Diagnostic and prognostic biomarkers: *Valerie Taly (France)*

12:00 - 12:15

Liquid biopsy in patient care : Current applications and perspectives: *Molka Sebai (France)*

12:15 - 12:45

Symposium Pfizer «Lorbena: Impact of 7-Year CROWN Study Follow-Up on First-Line Management of ALK-Positive Metastatic NSCLC »: *Ibrahim El Ghissassi (Morocco)*

12:45 - 14:00

LUNCH BREAK

Chairmen: Humaid Al Shamsi, Kais Nouira, Maroua Manai, Tarek Ben Dhieb

14:00 - 14:30

AI in predictive analytics, digital pathology and clinical decision. *Bani Mohamed (France)*

14:30 - 15:00

AI for Better Cancer Care: *André Dekker (Netherlands)*

15:00 - 15:30

AI integration in precision medicine: *Benoit Macq (Belgium)*

15:30 - 16:00

COFFEE BREAK

Chairmen: Alia Mousli , Bassam Janji, Fathia Mami-Chouaib, Mouna Ayadi

16:00 - 16:30

Symposium Servier: «Redefining low-grade glioma management in the era of molecular oncology»: *Mehdi Touat (France)*

16:30 - 17:00

Adoptive T-cell therapy of treat solide tumors. *Reno Debets (Netherlands)*

17:00 - 18:00

POSTER SESSION

17:00 - 17:30

Combinations of cancer vaccines with chemotherapy, epigenetic therapy or adoptive T Cell: *Benoît Van Den Eynde (Belgium)*
